### Airports Information

There are a variety of ground transportation options between Austin-Bergstrom International Airport and surrounding metropolitan area destinations. Austin-Bergstrom International Airport has been carefully planned to meet the needs of Central Texans well into the 21st century. A multi-use facility, the airport serves general aviation, commercial aviation, the State Aircraft Pooling Board, and the Texas Army National Guard. A central courtyard area in the Barbara Jordan Terminal offers a stage area that routinely plays host to performing Austin musicians.
